

THIS IS WHAT OUR STUDENTS SAY ABOUT POPE JOHN XXIII...

Many Catholic schools are closing—too many. We need Catholic schools especially in these times of struggle between nations.

Please keep supporting us, so our school will never have to close.

Catholic education is important to me because I can learn about the Church as well as many other subjects.

Thank you for the privilege and the chance to be taught about the ways of god.

We don't just learn how to be "nice," but we learn how to respect people and their feelings.

The teachers are nice and give lessons that you a lot. They make you that you know what you are doing and why you're doing it.

I like that we learn in a safe and religious environment.

Our school is so great—it can't be beat. We will have the best Catholic Schools Week where faith and knowledge meet.

I like Pope John; it's so great! The teachers teach us to love not hate.

What this school is to me is a sense of community, my fellow class members and teachers are like my brothers and sisters.

I like the fact that we can get up in the morning and pray to our god, and talk about him because not every school can do that.

As the mind acquires education, the spirit yearns for God.

Thank you for helping me go to this school. It is a wonderful experience and I am very fortunate to be here.

Words alone can not express my gratitude towards you for my school education. I hope that one day I can return this favor.

We need to learn and be knowledgeable of God now more than ever because god offers hope to people who are hopeless, and light to those in darkness. So, by supporting my school, Pope John XXIII, You're supporting the light and hope. Thank you!
